Re: Rowland, Inc., – Letter of Reference

To whom it may Concern:

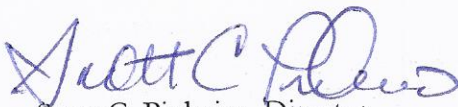

I am writing this letter of reference for Kevin Rowland and Rowland, Inc., because I believe that this contractor deserves support and substantiation for providing superior construction services to the City of Pinellas Park. Rowland, Inc. is a reputable firm and has performed well on many construction improvement projects for the City.

Rowland, Inc recently completed the Park Blvd Phase II Drainage Improvement project for the City. This project was an \$11,500,000 contract involving storm sewer installation, box culvert installation, vertical concrete channel walls, utility relocations and street paving. This project was completed on time, under budget and with no change orders. Gary McNary was the project manager and worked well with City staff. Rowland, Inc. has completed numerous City improvement projects and routinely provides construction services to the City, on a time and materials basis, for emergency repairs.

I would have no reservation in recommending Rowland, Inc., for pre-qualification of contracting services for the City of Clearwater. If you have any questions or require additional reference information please call me.

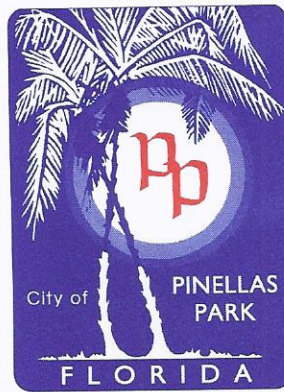

Thank you for your consideration in this matter.

Sincerely,

Scott C. Pinheiro, Director
Engineering Services Division

c: Public Works Administrator, Asst. Public Works Administrator, Engineering Inspector (DF)
